

**Contract of  
Parent's or Guardian's Responsibilities**

Shalom High School is designed to help students who are having problems in school become motivated towards education through increased attendance, better grades and fewer disciplinary problems. School success and preparation for the world of work are the objectives of this program. Our goal is for students to have their lives under their control.

- 1) I understand that my son or daughter must attend school every day and is required to successfully complete both the core curriculum and demonstrate mastery of the competencies listed in the Shalom Skill book.
- 2) I agree to work with the teachers and staff in solving academic, attendance, disciplinary and other related problems concerning my child.
- 3) I will keep in contact with Shalom regarding my child's progress. I will be available for personal contacts whenever possible.
- 4) I understand that field trips and classroom speakers as well as special project days/weeks are part of the learning experience at Shalom. Upon signing this form, I am granting my permission for my son or daughter to participate in and/or be taken from the school building for these educational experiences.
- 5) I realize that the major emphasis of Shalom is on success.

I have read the Contract and understand my responsibilities as well as my son's or daughter's responsibilities.
